The Best Investment.
You cannot possibly read more than one per cent of the li-
terature of the day. Why use precious hours on worthless reading,
when you can have the very best only? This is what is given in
CURRENT LITERATURE, "from which" writes Paul D. Reed, of
Athens, Ga.: "I get more than from any other investment I ever
made." London Vanity Fair speaks of it as a "wonderful compila-
tion, the like of which is unknown in Europe." If you do not know
it, mention this advertisement and a sample copy will be sent free. Current Literature is

A WONDERFUL RANGE.

In buying a Range as in buying a piano or any other article requiring supreme skill to produce highest and most enduring results, remember that the influence of the mass of makers and agents, is exerted against the leading article of the kind, and that inducements other than the intrinsic merit of goods are freely used to force the sale of a vastly inferior article.

Glennwood Ranges are the finest example of high grade range construction ever put out for the general use of the public. In sympathy with your thoughts and plans, comprising all the latest and most improved ideas in range manufacturing, that Yankee who can't be won can't be won. The greatest range ever made, economical in fuel, easy to operate and an expensive in price when you buy from us. A Glennwood Range, set up in your home in perfect working order as low as \$20, other styles from \$25 to \$35. A written guarantee with every range, etc. Satisfaction guaranteed or money refunded. A range on trial if you wish.

The security of game in the woods is leading our young Nimrods to a reckless expenditure of powder and shot upon the guide books at all the corners; their skill as marksmen giving a woman's appearance to the same; very useful in a collar, but highly unbecoming in an information-carrying guide book. A little boy came to a family near East Weymouth for Christmas and the newly-made father had the following poem dedicated to him.

[The Tune of Old Lang Syne.]
THE NEW YEARS (HIM)
Oh, Charles my friend
When nights are chill
And stars are in the sky,
How will you feel to wake at night and hear the baby cry?
And then your better half will say,
"Oh Charles dear I think
That you will have to strike a light and warm the baby's feet."

And when that blessed little dear,
Begins to howl with whim,
Why will you be the one to rise and walk the floor
To keep the baby from crying?
On Sunday evenings after tea,
Your wife will want to go
To see her friends and neighbors near and make some calls you know.

But you instead of strolling out
As once you used to do,
Must stay at home and mind the son that looks so
Much like you.

And the songs you used to sing,
You now can sing some more
To keep the baby sound asleep as you march round the floor.

Ma! (Chorus last time only.)
The day times you once enjoyed
Are for a season past.
This little baby has come to stay,
And may all your joys last.

Probably there are no botanical specimens that can vie with the old herbarium in the Cairo museum in the matter of age, says the British and Colonial Druggist. It contains a quantity of plants found in the old Egyptian graves, and in spite of their age and delicacy, the protection afforded them by their covering has kept them in a perfect state of preservation. Even the color is, in most cases, preserved. The watermelon found in one of the graves becomes a bright green when dipped into water. Most of the plants are at least 4000 years old. The clover from the pyramid in Dahshut and the barley and juniper berries found in a grave at Sakara are as old as this, as are the flowers found in a mummy in Deir el Bahari, and those found in the graves of Ahmes I and Ramesses II. Among the plants are found blue and white lotus, red poppy, oriental larkspur, palms, various kinds of chrysanthemum, safflower, willow and the various grasses, and even celery.

Among the recent astronomical discoveries due to photography are the new star found in Carina by Mrs. Fleming, and Prof. Solon I. Bailey's find of an extraordinary number of variable stars in certain globular clusters. The new star appears on plates taken at Arequipa, Peru, between April 8 and July 1, 1895. Prof. Bailey, in an examination of fifteen plates, found in the cluster of Canes Venatici, Messier 3, not less than eighty-seven variables, and a few other notable cases were observed, but the phenomenon is not general among star clusters.

Many merchants are well aware that their customers are their best friends and take pleasure in supplying them with the best goods obtainable. THE PEOPLE'S COLUMN.

The column under this title will be given to the people for a free discussion of any and all subjects of the moment, and the editor will accept all responsibility for the opinions here expressed.

A Merciful Man is Merciful to His Best.

EDITOR WYOMOUTH GAZETTE:
I would like to hear a sermon preached from the pulpit on this text. Are the people in Weymouth behind the times, or are they less humane than in other places?

When I take a walk through the town, I see more overbearing checkers on horses, than in the same length of time, in the city of Boston.

I wish all men who now favor the overbearing check, would send 5 cents to George T. Angell, 19 Milk street, Boston, for his "Humane Horse Book," and read it carefully, and perhaps some, if not all, would change their minds about this torture of horses. It is doubly cruel to oblige a horse to wear the check when it has a load to draw, but I have seen them in this town having heavy loads, with their heads checked high in the air.

The man who invented the overbearing check ought to be obliged to wear one himself for one week. I think at the end of that time he would issue a proclamation throughout the land saying he was mistaken about his invention, and that it was only an instrument of torture to a horse, and ought never to be used. If a check-rein is really necessary, use the easy slide check.

Just watch a horse who is standing with his head checked high in the air, and see how uncomfortable he seems to be. It causes nervousness if nothing more serious and in time a horse will grow thin, and his owner will have to pay for a veterinarian.

I should think a person who owns a good horse would wish to do all in his power to make it comfortable, and prolong its life. The overbearing check does neither, but just the opposite for your horse.

I hope we shall soon see in this town of Weymouth, more humane men, saying the rights which God has given them. Then people who love them and wish to do all in their power to make them happy and comfortable will be used. If a check-rein is really necessary, use the easy slide check.

Several cases have been reported by Dr. W. H. Bates in which painful vision persisted when gold-framed spectacles were worn, and was relieved by preventing contact of the gold with the skin and by change to steel frames.

THE QUESTION SOLVED.

Secretary of Appropriation Committee Erased the Word

From the Article as Presented at the Town Meeting.

Herbert W. Sears, secretary of appropriation committee, on examination of his minutes, finds that the word "erase" was used by him from the article on hydrants at the meeting of the committee by direction of the chairman, Hon. James Humphrey.

Information to this effect was not obtained until the article of the first page of current Gazette had been printed.

"LADIES' NIGHT" AT CENTURY CLUB.

Entertain Guests, Discuss "Monroe Doctrine."

On Friday evening, Jan. 31, there was gathered together in the parlors of the Century club at North Weymouth, one of the most enjoyable parties in the history of this club. The committee in charge of the affair had labored long and hard to make it a success and what it lacked in numbers was overcome by the general sociability which characterized the meeting.

At about twenty-five were present, and the subject of discussion was, "The Monroe Doctrine." The president of the evening, Mr. David H. Benson, introduced the leading topics for the affirmative and negative respectively. Mrs. John H. Libby and I. M. Norcross, who put forth able arguments for the sides which they championed. The debate which followed was participated in by members of both clubs and proved very interesting. An interesting paper on "Newspaper Work" was read by Mr. H. C. Thomas.

At the close of the regular exercises, the committee adjourned to the supper room, where a committee of ladies, assisted by Mr. G. O. Miller, had arranged several tables in a very tasteful manner, which contained a sumptuous repast of oysters, cake, fruit and coffee. After the "inner man" had been fully satisfied, the company again repaired to the larger room, where several members of both the Columbian and Century clubs entertained those assembled with witty "after dinner" speeches, after which the assemblage adjourned to the parlors, where the success and prosperity for '96.

TO RECEIVE A CALL.

West Medford Church Will Invite Rev. Judson Van Clancy.

The Harvard church of West Medford, Mass., has unanimously agreed to extend a call to Rev. Judson Van Clancy, formerly of the Union Congregational church of South Weymouth.

It is a singular coincidence that the two pastors of the Union church, Rev. W. H. Bolster and Rev. J. V. Clancy, should both have been called to the same church, churches, though they are in different cities.

AT CLAPP'S HALL, WEYMOUTH, JANUARY 31.

Leap Year Party.

One of the social events of the season will occur at Clapp's hall, Weymouth, on the evening of January 31st, when a Leap Year dance will be given by a party of young ladies of the Landing. Extensive preparations are being made to make the occasion a notable one in every particular.

Invitations have been issued, and the invitations have been issued. Invitations will be out by the middle of next week.

OUR REPRESENTATIVES.

Where They Can Be Found.

Inauguration ceremonies are over and the various departments of our State government are now supposed to settle down to business.

The Senate and House have organized and various committees have been appointed. Our senator, Hon. F. C. Darling, has received a well merited share of honor, having been appointed on the Senate committee on the Fish and Game bill, and also on the committee on the Fish and Game bill.

Mr. Thompson is on the Fish and Game committee and Mr. Newcomb on Liquor laws.

Surprise Party at Lovell's Corner.

A very pleasant surprise party was given Mrs. Catherine Pratt, Tuesday evening, Jan. 29, at Lovell's corner, Weymouth.

High Priced Apples.

Frank Morales, better known as "Jake," has a fondness for fruit which got him into trouble this week. According to the report, "Jake" was driving to South Weymouth, when near Nash's Corner he saw a man owned by a party named Hunt standing beside a horse, and he decided to stop and talk to him.

Grand Recital.

A grand recital was given Tuesday evening at the Rockland East Weymouth, by the pupils of the blind mission, Prof. E. B. Beal, who has a class at Fogg's Opera house and has scores of pupils in South Weymouth. The children did wonderfully well and attracted to the marvelous talent this gentleman has of imparting his own great knowledge to the blind.

Love's Cycle Club and Wessagussett Club To Meet in Friendly Contests.

The members of the Wessagussett club of North Weymouth and the Love's Cycle club of East Weymouth have arranged for a tournament in what, pool and checkers. The games are to be played at the rooms of each club on alternate evenings of each week and will doubtless prove very interesting as no such inter-club contests have been played in this town before.

WE INVITE

Secretaries and Lodges and Clubs to Write.

In our Echoes from Lodges and Clubs department we wish to give all the club secretaries and lodge secretaries a word of advice. Secretaries are urged to assist by sending us something of interest weekly.

LEAP YEAR BALL.

Ladies' Auxiliary Corps, A. O. U. of South Weymouth, Dance.

Fogg's Opera House Witnesses one of the Most Elaborate Affairs of the Season.

One of the prettiest parties ever held in Fogg's opera house was given last Friday evening under the auspices of the Ladies' Auxiliary Corps, division A. O. U. of South Weymouth, at the Fogg's opera house, which was filled to overflowing, and the ladies of the corps, who were dressed in the latest fashion, setting every foot-fluttering and every foot-dancing. It was a most successful affair, and the ladies of the corps, who were dressed in the latest fashion, setting every foot-fluttering and every foot-dancing.

Several financial men who have been asked for opinions have expressed doubts if the gentlemen who stated they could have procured the money at 10 per cent. could have really procured it on those days at less than six per cent. as the ruling rate was even higher than that.

OBITUARY.

Miss Mary Jones of Weymouth Heights.

We referred last week to the illness of Miss Mary Jones, who died last Friday morning at her home in Weymouth Heights. She was a very kind and generous person, and her death is a great loss to her family and to the community.

So Town Officers Say and 60 Per Cent.

was the Lowest It Could be Secured For.

In regard to the 60 per cent. loan, and the statement is made that \$10,000 had to be borrowed during the financial panic of a few days ago when rates went up to 10 per cent. The sum was borrowed for ninety days only, in anticipation of taxes due, and in accordance with the vote of the town. Treasurer, Station Street, at several places to get a loan or had borrowed a few days earlier better rates could have been secured in all probability.

Several financial men who have been asked for opinions have expressed doubts if the gentlemen who stated they could have procured the money at 10 per cent. could have really procured it on those days at less than six per cent. as the ruling rate was even higher than that.

Shore Fund to Close.
The Shaw fund subscription will be soon closed. All those who wish to add their mites are requested to send in at once. Any amount, even 25 cents will be a help, and will be welcomed by the old gentlemen. People should not look upon this subscription as charity, but rather as a just recognition of Mr. Shaw's bravery and humanity in behalf of the thirty odd people who have been rescued from water graves. Of course the town will not be able to pay the cost of the subscription, but the Shaw fund was started with the idea that the man who has saved more than thirty lives should be honored by some public recognition of his humane efforts. Being over 70 years old, in feeble health and unable to work, it was thought that this public recognition would be better made in ready money than in any other way. The Gazette thinks the cause a good one and invites all to send in small sums this week that the sum may be increased considerably before the subscription is closed.
The stories of rescue would make thrilling incidents in a story-book. Often Mr. Shaw's own life was in little peril, as he launched his boat in the teeth of a gale, cutting all his strength the car to reach the overturned boat, capsize by the sudden squall, or in winter approached the galeing hole in thin ice where an unlucky skater had broken through. He never once shrank this duty or shrank from the dangers or cold and wet attendant upon life saving. His great strength and knowledge of boats and the lake enabled him to succeed where almost anyone else would have failed.

FIRE.

W. A. Hall's Factory Slightly Damaged.
The alarm from No. 38 at 8 o'clock Tuesday morning was for a fire at the factory of William A. Hall on Prospect street.

The blaze, which was probably caused by a defective fire, was extinguished with slight damage, although Mr. Hall's stock was damaged several hundred dollars by smoke and water.

UNION NATIONAL BANK STOCKHOLDERS' MEETING.

George H. Bicknell Elected President.
The annual meeting of the stockholders of the Union National Bank was held Tuesday afternoon and the following board of directors elected: President, George H. Bicknell; vice-president, Edwin P. Worster; cashier, Henry A. Nash; John F. Lovell, Benjamin W. Lovell, George H. Bicknell, Frank D. Thayer, Francis Ambler, Thomas H. Humphrey.

Candidates for Selection in Ward 2.

As town meeting approaches East Weymouth is developing some good men for selection.

The present incumbent, N. W. Gardner, will be there in a strong following. It is said that Jacob F. Dier will go into the caucus supported by a long list of voters. W. T. Rice, who has made town meetings a study, is talked of and will be without a following. W. C. Earle of the Weymouth clothing store has a host of friends who are anxious to vote for him. John F. Cushing is with a good town and established experience and is being urged for the position.

Republican Town Committee Meet.

The Republican town committee held a meeting Wednesday evening. Hon. James H. Flint presided. The vacancy on the committee in Ward 2 was filled by the election of William C. Earle, and in Ward 3, Francis M. Drown was elected.

Principal Abbott Invis.

The principal of the North High school calls the attention of the parents and guardians of pupils attending the school to the fact that he has adopted the method of sending out weekly notices of deficiencies in the work of the pupils. It is hoped that the teachers in giving such notices careful consideration, and cooperate cordially with the parents in the work of the school.

To The Public.

Feeling that the apparent lack of interest of the townspeople, especially the parents and friends of our pupils, in the North High school, the committee and I, as the representative of the school, feel it our duty to call the attention of the public to the fact that the school is the most important institution in the town, and that the success of the school is the success of the town.

Letter of Explanation From the Secretary of the Appropriation Committee.

Editor WEYMOUTH GAZETTE:
My attention has been called to an article in the first page of last week's Gazette in which it is claimed a mistake has been made in the business end of the town's account of the appropriation for the year 1895.

This account states that the town officials have been accused of having made a mistake in the amount of \$7,000 in the appropriation for the year 1895.

It is a matter of fact that the amount of \$7,000 in the appropriation for the year 1895 was not a mistake, but a correct one.

BRIEF ITEMS

operations yesterday for '96 ice and have a prospect of a crop of ten inches of ice a good quality.

Monday afternoon the main shaft at the factory of Strong & Garfield broke, causing a partial cessation of business for a few days.

Whitman's pond presents a gala appearance every afternoon. A fine mile track, straight away, has been marked out and hundreds of people are seen there every day. George W. Young, S. B. Tolman, W. H. Blackford, W. C. Kelle, J. J. Daly, and others are seen there every day. The pond is a fine place for a walk and a drive.
